

Science Knowledge Organiser Year 3 Light and Shadow

Key Vocabulary

Learn these words and their definitions

Key Word	Definition
light	A form of energy
dark	The absence of light
light source	Something that gives off light
Sun	A star that provides us with light
dawn	When the sun rises
dusk	When the sun sets
shadow	When light is blocked
opaque	An object that does not let light travel through it
transparent	An object that lets light travel through it completely
translucent	An object that lets some light travel through it

What will we be learning about?

In this unit, we will learn about the different sources of light. We will explore ways in which shadows are formed and the patterns created when the light source moves.
