

Dear Parents and Carers,

We are sorry to hear your child is unable to come to school. We will miss them very much but we know we have to follow the Government Guidance to keep everybody safe.

Therefore, whilst at home, we will continue to set work to ensure your child does not fall behind in their learning whilst they have to self-isolate.

We have looked at our learning over the next two weeks, and below are links to the Oak Academy which will support your child with the work we are completing in English, Maths and Science.

English: <https://classroom.thenational.academy/units/the-golden-compass-mixed-outcomes-8489>

Maths: <https://classroom.thenational.academy/units/fractions-8ae5>

Science: <https://classroom.thenational.academy/units/humans-and-animals-over-time-db18>

For English and maths there are daily lessons to complete. Please follow the sequence of lessons. For Science, please look at Lesson one and Lesson two.

For religion and topic, please complete some research so you can answer the following questions:

Religion - Sources: What is your favourite Bible story? Why?

Topic - Our Local Area: What rivers are close or in Rochdale?

When any part of the work is complete, please will you take a picture and email it back to our class email address – we can then add the work to their book in school.

Remember, I am always here to support the learning. You can call school if you need to speak to me or email me at our class email address and I will respond as soon as possible.

Yours faithfully,

Mrs Gibson ☺
