

Pupil premium strategy statement – Alice Ingham RC Primary School

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	155
Proportion (%) of pupil premium eligible pupils	59.4%
Academic year/years that our current pupil premium strategy plan covers	2022/2023
Date this statement was published	December 2022
Date on which it will be reviewed	August 2023
Statement authorised by	D Malcolm
Pupil premium lead	D Malcolm`
Governor / Trustee lead	D Golding

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£ 127420
Recovery premium funding allocation this academic year	£ 13340
Pupil premium (and recovery premium*) funding carried forward from previous years	£ 0
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£ 140760

Part A: Pupil premium strategy plan

Statement of intent

Our aim is to ensure that our pupils are not disadvantaged as a result of their socioeconomic context. We believe that with the correct support all pupils can achieve their full potential, as long as the provision meets their needs.

Our ultimate objectives are to:

- Remove barriers to learning created by poverty, family circumstance and background
- Narrow the attainment gaps between disadvantaged pupils and their non-disadvantaged counterparts both within school and nationally
- Ensure ALL pupils are able to read fluently and with good understanding to enable them to access the breadth of the curriculum
- Develop confidence in their ability to communicate effectively in a wide range of contexts
- Enable pupils to look after their social and emotional wellbeing and to develop resilience.
- Access a wide range of opportunities to develop their knowledge and understanding of the world

Our Context:

- Our school serves one of the most deprived areas nationally.

Achieving our objectives:

In order to achieve our objectives and overcome identified barriers to learning we will:

- Provide all teachers with high quality CPD to ensure that pupils access effective quality first teaching
- Provide targeted intervention and support to quickly address identified gaps in learning including the use of small group work, 1:1 tuition
- Target funding to ensure that all pupils have access to trips, residential, first hand learning experiences
- Provide opportunities for all pupils to participate in enrichment activities including sport and music
- Provide appropriate nurture support to support pupils in their emotional and social development.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many pupils. These are evident from Reception through to KS2.
2	Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers as they move through the school.
3	Internal and external assessments indicate that maths attainment among disadvantaged pupils is below that of non-disadvantaged pupils 2022 – NDP – 64.3% DP – 56%.
4	<p>Our assessments, observations and discussions with pupils and families indicate that the education and wellbeing of many of our disadvantaged pupils continues to be affected by the impact of the partial school closures during the COVID-19 pandemic, and to a greater extent than for other pupils. These findings are supported by national studies.</p> <p>This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations, especially in reading and maths.</p>
5	<p>Our assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils, notably due lack of enrichment opportunities. These challenges particularly affect disadvantaged pupils, including their attainment.</p> <p>Referrals for support remain relatively high. 8 families (all of whom are disadvantaged) currently require additional support with social and emotional needs and are supported through the early help system. With 37 children (27 of whom are disadvantaged) receiving small group interventions.</p>
6	<p>Our attendance data over the last year indicates that attendance among disadvantaged pupils has been between 6% lower than for non-disadvantaged pupils.</p> <p>32% of disadvantaged pupils have been 'persistently absent' compared to 7% of their peers during that period. Our assessments and observations indicate that absenteeism is negatively impacting disadvantaged pupils' progress.</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language skills and vocabulary among disadvantaged pupils.	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.
Improved reading attainment among disadvantaged pupils.	KS2 reading outcomes in 2023/24 show that more than 65% of disadvantaged pupils met the expected standard.
Improved maths attainment for disadvantaged pupils at the end of KS2.	KS2 maths outcomes in 2024/25 show that more than 65% of disadvantaged pupils met the expected standard.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	<p>Sustained high levels of wellbeing by 2023 demonstrated by:</p> <ul style="list-style-type: none"> • qualitative data from student voice, student and parent surveys and teacher observations • a significant increase in participation in enrichment activities, particularly among disadvantaged pupils
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	<p>Sustained high attendance by 2023 demonstrated by:</p> <ul style="list-style-type: none"> • the overall unauthorised absence rate for all pupils being no more than 6%, and the attendance gap between disadvantaged pupils and their non-disadvantaged peers being reduced by 20%. <p>The percentage of all pupils who are persistently absent being below 10% and the figure among disadvantaged pupils being no more than 20% lower than their peers.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ **£74,300**

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Purchase of diagnostic assessments.</p> <p>Training for staff to ensure assessments are interpreted and administered correctly.</p>	<p>Tests can provide reliable insights into the specific strengths and weaknesses of each pupil to help ensure they receive the correct additional support through interventions or teacher instruction:</p> <p>Assessing and Monitoring Pupil Progress Education Endowment Foundation EEF</p>	1, 2, 3, 4
<p>Embedding dialogic activities across the school curriculum e.g. guided reading, TFW. These can support pupils to articulate key ideas, consolidate understanding and extend vocabulary.</p> <p>We will purchase resources and fund ongoing teacher training and release time.</p>	<p>There is a strong evidence base that suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading:</p> <p>Oral language interventions Toolkit Strand Education Endowment Foundation EEF</p>	1
<p>Enhancement of our maths teaching and curriculum planning in line with DfE and EEF guidance.</p> <p>We will fund teacher release time to embed key elements of guidance in school and to access Maths Hub resources and CPD (including</p>	<p>The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches:</p> <p>Maths guidance KS 1 and 2.pdf (publishing.service.gov.uk)</p> <p>The EEF guidance is based on a range of the best available evidence:</p> <p>Improving Mathematics in Key Stages 2 and 3</p>	3

Teaching for Mastery training).		
<p>Improve the social and emotional (SEL) aspects of children's lives, so they are able to engage in learning.</p> <p>SEL approaches will be embedded into routine educational practices and small group /individual targeted support, supported by professional development and training for staff.</p>	<p>There is extensive evidence associating childhood social and emotional skills with improved outcomes at school and in later life (e.g., improved academic performance, attitudes, behaviour and relationships with peers):</p>	5

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ **£42,300**

Activity	Evidence that supports this approach	Challenge number(s) addressed
Continued investment into TFW support and training to improve listening, narrative and vocabulary skills for disadvantaged pupils who have relatively low spoken language skills.	<p>Oral language interventions can have a positive impact on pupils' language skills. Approaches that focus on speaking, listening and a combination of the two show positive impacts on attainment:</p> <p>Oral language interventions EEF (educationendowmentfoundation.org.uk)</p>	1, 4
Additional phonics sessions targeted at disadvantaged pupils who require further phonics support. This will be delivered in collaboration with	<p>Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks:</p>	2

our local RWI and English Hub	Phonics Toolkit Strand Education Endowment Foundation EEF	
Engaging with the National Tutoring Programme to provide a blend of tuition, mentoring and school-led tutoring for pupils whose education has been most impacted by the pandemic. A significant proportion of the pupils who receive tutoring will be disadvantaged, including those who are high attainers.	<p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one:</p> <p>One to one tuition EEF educationendowmentfoundation.org.uk</p> <p>And in small groups:</p> <p>Small group tuition Toolkit Strand Education Endowment Foundation EEF</p>	4

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ £24,160

Activity	Evidence that supports this approach	Challenge number(s) addressed
Whole staff training on behaviour management approaches with the aim of developing our school ethos and improving behaviour across school, including team teach de-escalation techniques.	<p>Both targeted interventions and universal approaches can have positive overall effects:</p> <p>Behaviour interventions EEF educationendowmentfoundation.org.uk</p>	5
Embedding principles of good practice set out in the DfE's Improving School Attendance advice.	The DfE guidance has been informed by engagement with schools that have significantly reduced levels of absence and persistent absence.	6

This will involve training and release time for staff to develop and implement new procedures and appointing attendance/support officers to improve attendance.		
Contingency fund for acute issues.	Based on our experiences and those of similar schools to ours, we have identified a need to set a small amount of funding aside to respond quickly to needs that have not yet been identified.	All

Total budgeted cost: £ £140,760

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the 2022/23 academic year using key stage 1 and 2 performance data, phonics check results and our own internal assessments.

Improved oral language skills and vocabulary among disadvantaged pupils.

Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.

70.6% of Chn achieved GLD at the end of EYFS, 60% disadvantaged chn achieved GLD. This is a slight decrease from 62.5% the previous year.

Improved reading attainment among disadvantaged pupils.

KS2 reading outcomes in 2022/23 show that 40% of disadvantaged pupils met the expected standard.

Improved maths attainment for disadvantaged pupils at the end of KS2.

KS2 maths outcomes in 2022/23 show that more than 60% of disadvantaged pupils met the expected standard.

- **To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.**

Parent & Pupil questionnaires indicate that

95.12% say they are happy at school

“The school has come a long way over the last few years, all of my children have attended this school. Staff are supportive of parents, pastoral lead is Miss Webster is amazing with parents and children!”

To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.

Absence among disadvantaged pupils was 8.1% higher than their peers in 2022/23 and persistent absence 26% higher. We recognise this gap is too large which is why raising the attendance of our disadvantaged pupils is a focus of our current plan.

Further information (optional)

Additional activity

Funding from The Greggs Foundation enables every child to access our free breakfast club every morning ensuring a healthy start to the day allowing readiness to learn and removing any barrier of hunger. In addition to this, the foundation also supports our families with food vouchers and in some cases the provision of white goods.

The free breakfast club was offered to all children last academic year. This was accessed by 52% of pupils.

We also offered heavily subsidised places to our families at an after-school club, however, this did not prove necessary and was stopped during the year due to the very low uptake of places.

Manchester United Foundation support the teaching of PE. This helps to raise aspirations, improve attendance and ensures quality first teaching of PE. In addition to this, the foundation are also able to support our disadvantaged families in other areas such as the provision of hats and scarves; coats; slow cookers (and recipe cards) as well as many other opportunities.
